

## School Based Rehabilitation Services for Peterborough and Northumberland Schools

- Five Counties Children's Centre has provided SBRS-SLP, OT, PT for more than 30 years in Haliburton, Northumberland and the City of Kawartha Lakes and Physiotherapy in Peterborough County.
- We are transitioning the speech therapy services in Peterborough on January 1<sup>st</sup>, 2020.
- We already have the staff hired to provide these services.
- Families and schools will be sent a letter in December to notify them of the change and give them the contact information for their new therapist.
- We don't expect any disruption in services for families or schools.
- There will be no change to the eligibility for services or the levels of services provided.
- The Five Counties Facebook Page and Twitter site @5CountiesKids have posted these messages.
